

Sri Lanka College of Internal Medicine

SIMCON 22 **Senior Registrars Forum** *Paving path for Future Internists*

Information and instructions for SRs

SLCIM SR forum is a concept developed to enhance clinical excellence, capacity building and humane care of SRs in Internal Medicine. Senior Registrars in Internal Medicine are given this exciting opportunity to present their interesting clinical cases in the main scientific program of SIMCON 22. Particular segment is named as “SR Forum”.

General Information;

- Two applications will be selected by an independent panel of specialists
- Time allocated for SR forum will be 30 minutes
- Two selected SRs will be given the opportunity to present their clinical cases (15 minutes each)
- Presented cases should be related to Internal Medicine
- Presented cases should be interesting clinical case scenarios

Eligibility Criteria;

Senior Registrars in Internal Medicine before board certification including;

1. SRs in local training
2. SRs who completed local training
3. SRs in overseas training
4. SRs who completed overseas training

How to submit your application?
