

Future: SLCIM Medical Students' Forum Inter-University Internal Medicine Quiz -2022

General Instruction & Quiz Format

1. This quiz will be conducted physically. However, we might have to change it to a virtual platform due to the prevailing fuel crisis in the country.
2. The quiz will be conducted using the “Audience Response System (ARS) Technology”
3. Each team will be given an electronic response device to answer the questions.
4. The quiz will consist of 50 Multiple Choice questions in total, with 4 options per question in five rounds.
5. Teams will have 10 seconds to answer each question.
6. Scores awarded will be automatically calculated using the ARS system software.
7. There will be no negative marking.
8. Marks for correct answers will be awarded proportional to the speed of the response - Correct responses made immediately will be awarded 100 points. Marks will be deducted proportionally to any delay in responding – eg: 10 points will be deducted per 1 second.
9. Total marks and team ranking will be displayed at the end of each round.
10. The questions will be based on clinical medicine.
11. All participants will be given a certificate of appreciation
12. Exciting prizes will be offered to the first, second and third places.
